Re: REACH Registration of Thanecure® T9 TDI Dimer

To Whom It May Concern:

TSE Industries, Inc. ("TSE") is diligently pursuing its registration obligations under REACH in the EU and is on schedule to be in full compliance prior to the May 31, 2018 deadline.

TSE's Thanecure® T9 TDI Dimer product is listed in our Only Representative (OR) Agreement with our REACH Representative in the EU, Ramboll/Environ. Ramboll pre-registered Thanecure T9 for TSE in the EU. In late January of 2017, TDI Dimer was registered in the EU by the lead registrant. At this time, Ramboll is in the process of purchasing a Letter of Access (LOA) on TSE's behalf to co-register our Thanecure T9 TDI Dimer in the EU. We anticipate full REACH registration of our Thanecure T9 TDI Dimer by the end of June 2017.

For more information on TSE's REACH registration status, please contact Rebecca Miller at Ramboll/Environ by phone at +44 113 245 7552 or via e-mail at [bmiller@ramboll.com](mailto:bmiller@ramboll.com). As always, thank you for your interest in TSE's products.

Very truly yours,
