Duro-Glide®
UHMW-PE

- Impact, wear and high heat resistant
- Internally lubricated
- Antistatic
- Antimicrobial
- Reprocessed
We maintain a large inventory of UHMW-PE Sheets and engineered Plastics such as Nylon and Acetal in our 50,000 square-foot warehouse.

A World-Class On-Site Polymer Lab
Our R&D and Quality Control functions are supported by our Development and Analytical Center (DAC). This resource consists of a Mil-Spec laboratory that tests our products to ISO and ASTM standards. Common tests are Shore D hardness, Charpy impact, tensile strength, sand slurry abrasion resistance, FTIR spectrometer and differential scanning calorimetry (DSC).

TSE-OK can meet all of your UHMW-PE sheet and engineered plastics needs. For more information please visit www.tse-ok.com or call (866) 652-2557.

Internally Lubricated
Duro-Glide® 703  Gray Solid Lube
Duro-Glide® 845  Brown Oil Filled
Duro-Glide® 597  Hi Temp Wear
Duro-Glide® 354  Red HT
Duro-Glide® 589  Blue Weldable
Duro-Glide® 588  Blue Wear
Duro-Glide® 181  Yellow
Duro-Glide® 675  GF Green

Impact and Wear-Resistant
Duro-Glide® 912  Antistatic
Duro-Glide® 995  Antimicrobial
Duro-Glide® 931  Antistatic Black
Duro-Glide® 931  Black

High Heat-Resistant
Duro-Glide® 589  Blue Weldable
Duro-Glide® 588  Blue Wear
Duro-Glide® 181  Yellow
Duro-Glide® 675  GF Green

Impact and Wear-Resistant
Duro-Glide® 912  Antistatic
Duro-Glide® 995  Antimicrobial
Duro-Glide® 931  Antistatic Black

Internal Lubricated
Duro-Glide® 711
Duro-Glide® 703  Gray Premium
Duro-Glide® 845  Brown Oil Filled
Duro-Glide® 597  Hi Temp Wear
Duro-Glide® 354  Red HT
Duro-Glide® 925  Hi Temp White
Duro-Glide® 597  Hi Temp Wear
Duro-Glide® 354  Red HT

Duro-Glide® Virgin Color UHMW-PE Sheets
Duro-Glide® Virgin Color UHMW sheets are our standard grade of UHMW-PE sheets. They have a molecular weight of 3-5 million and are offered in 13 FDA compliant colors as well as custom colors for special branding projects. Be sure to ask about our two grades of Black Reprocessed UHMW: Omniblend and Monoblend.

Duro-Glide® Reprocessed UHMW-PE Sheets
Duro-Glide® Reprocessed UHMW sheets are made from recycled UHMW-PE, have similar properties as Virgin UHMW-PE, and are available at a lower price.

Be sure to ask about our Black Omniblend Reprocessed sheets.

3 Grades of Reprocessed UHMW-PE Sheets
Duro-Glide® Black Omniblend Reprocessed consists of multi-colored particles of finely reground UHMW. excellent for general purpose, non-FDA use and is highly economical. Duro-Glide® Black Monoblend consists of multi-colored particles of finely reground UHMW. excellent for general purpose, non-FDA use and is highly economical. Duro-Glide® Green Reprocessed sheets – very popular with packaging and agriculture conveyors. *Other colors can be made special order.

Custom Sheets Available
Get an application for which you need sheets with particular properties and additives that you just can’t find anywhere? Look no further and give us a call. We’ve got the people and the technology right here at our state-of-the-art manufacturing facility to help you! Be sure to ask for our custom formulation to meet your needs. We compression mold all of our UHMW-PE sheets right here at our plant in Clearwater, Florida, and are ready to serve you.

We manufacture top-quality UHMW-PE Sheets and other performance plastics at our state-of-the-art manufacturing facility in Clearwater, Florida, USA.

We maintain a large inventory of UHMW-PE Sheets and engineered plastics such as Nylon and Acetal in our 50,000 square-foot warehouse.
We maintain a large inventory of UHMW-PE Sheets and engineered Plastics such as Nylon and Acetal in our 50,000 square-foot warehouse.

A World-Class On-Site Polymer Lab
Our R&D and Quality Control functions are supported by our Development and Analytical Center (DAC). This resource consists of a Mil-Spec laboratory that tests our products to ISO and ASTM standards. Common tests are Shore D hardness, Charpy impact, tensile strength, sand slurry abrasion resistance, FTIR spectrometer and differential scanning calorimetry (DSC).

We offer thicknesses from 1/4” to 4” in the following sizes: 4’ x 8’ 4’ x 10’ 6’ x 10’ “non-stock” with special minimum quantities.

Duro-Glide® Virgin Color UHMW-PE Sheets
Duro-Glide® Virgin Color UHMW-PE sheets are our standard grade of UHMW-PE sheets. They have a molecular weight of 3-5 million and are offered in 18 FDA compliant colors as well as custom colors for special branding projects. Be sure to ask about our two grades of Black Reprocessed UHMW: Omniblend and Monoblend.

Duro-Glide® Reprocessed UHMW-PE Sheets
Duro-Glide® Reprocessed UHMW sheets are made from recycled UHMW-PE, have similar properties as Virgin UHMW-PE, and are available at a lower price.

Duro-Glide® Enhanced UHMW-PE Sheets
As the name implies, our Duro-Glide® Enhanced UHMW-PE sheets are blended with special additives that improve the wear/abrasion properties above standard UHMW. These sheets have a molecular weight of 7-9 million.

Duro-Glide® Virgin Color UHMW-PE Sheets
- Duro-Glide® Virgin Color UHMW-PE sheets are our standard grade of UHMW-PE sheets. They have a molecular weight of 3-5 million and are offered in 18 FDA compliant colors as well as custom colors for special branding projects. Be sure to ask about our two grades of Black Reprocessed UHMW: Omniblend and Monoblend.

Duro-Glide® Reprocessed UHMW Sheets
- Duro-Glide® Reprocessed UHMW sheets are made from recycled UHMW-PE, have similar properties as Virgin UHMW-PE, and are available at a lower price.
- Be sure to ask about our Black Omniblend Reprocessed sheets.

Duro-Glide® Enhanced UHMW-PE Sheets
- As the name implies, our Duro-Glide® Enhanced UHMW-PE sheets are blended with special additives that improve the wear/abrasion properties above standard UHMW. These sheets have a molecular weight of 7-9 million.

Duro-Glide® Virgin Color UHMW-PE Sheets
- Duro-Glide® Virgin Color UHMW-PE sheets are our standard grade of UHMW-PE sheets.
