Subject: Presence of Substance of Very High Concern in Thanecure® Products

Dear Customer,

We have received a number of material declaration requests from our customers referring to REACH and the potential presence of Substances of Very High Concern (SVHC).

TSE Industries, Inc. confirms that we do not add any substances listed in the Candidate List of Substances of Very High Concern Updated on 01/16/20 to our products **Thanecure® ZM and all grades of Thanecure® Dimerized TDI.**

Also, to the best of our knowledge, based upon information from our raw material suppliers, **Thanecure® ZM and all grades of Thanecure® Dimerized TDI** do not contain any substances listed in the Candidate List of Substances of Very High Concern updated on 06/25/20 in a concentration above 0.1% weight by weight (w/w).

We are committed to comply in every respect to the requirements of REACH and relevant amendments. Should you have any question regarding the content of this letter, or any other REACH related subject, please do not hesitate to contact us.
