

SPECIALTY CASE PRODUCTS

Contract & Toll Manufacturing

TSE Industries, Inc. has been a full-service contract and toll manufacturer of Specialty CASE Products since its founding in 1962. From lab scaling to full production, we have toll manufactured over 200 million pounds of polyurethane Coatings, Adhesives, Sealants and Elastomers. We are ISO 9001:2015 certified, which means everything is handled with superior quality and unparalleled service.

Equipment Capabilities

Reactors are 316 Stainless Steel, pressure-rated, full vacuum, and operated under closed conditions with complete heating and cooling systems.

Production Reactors

4,800 Gal (2), 3,750 Gal (4),
1,500 Gal, 700 Gal

Scale-Up Reactors

500 Gal, 250 Gal,
25 Gal, 15 Gal, 5 Gal

- Nitrogen & Argon piped to reactors and packaging areas.
- Charge from bulk, drum, tote and bags.
- Inline filtration (10-800 μ) and jacketed draw-off lines.

Processing Technologies

Our skilled personnel have decades of experience, ensuring consistent, reliable, repeatable results.

- Reactive Hot Melt Adhesives (HMPUR)
- One & Two-Part Adhesives
- Urethane Prepolymers (MDI, TDI, Aliphatics)
- Thermoplastic Polyurethanes (TPUs)
- Pigmented or Filled Polyurethanes and Polyols
- Liquid PURs, Cast Urethanes & Coatings

Packaging Capabilities

From a little to a lot, and everything in between, we can deliver.

- Tanker Trucks
- Drums
- Slugs
- Totes
- Pails
- Cartridges
