

CAPABILITIES STATEMENT

TSE Industries, Inc.

WHY CHOOSE TSE

- Nearly 60 years of experience in custom rubber molding, extrusion, and plastic fabrication.
- Depth of resources, infrastructure, and management to meet all scenarios and challenges.
- Third-generation, family-owned and operated business.
- Products made in America.
- Small Business Enterprise (SBE) Certified.
- ISO 9001:2015 Certified.
- ITAR Registered and committed to export compliance.
- Technical support from industry experts with decade of experience.

TSE Industries, Inc. (TSE) is a third-generation, family-owned, Small Business Enterprise (SBE) with nearly 60 years experience in custom rubber molding and extrusion, as well as plastic fabrication and machining (CNC, Lathe, Mill) services. From small runs of parts to millions of components, TSE has the capabilities and expertise to partner with your company to get your project done in-spec and on-time. TSE is committed to quality and compliance excellence as shown by our ISO 9001:2015 certification and ITAR registration.

Our Specialty Chemicals division serves as a contract manufacturer to the world's top vendors of reactive hot melt adhesives (HMPURs) and two-part polyurethanes. TSE is also the world's largest producer of millable polyurethane rubber, sold under the Millathane® brand. This rubber is used by some of the biggest companies around the world for their most demanding applications.

TSE-OK, LLC is our UHMW-PE sheet affiliate. They manufacture Ultra High Molecular Weight Polyethylene sheets for a multitude of applications including vehicle bed liners, ship fenders and dock bumpers, wear-resistant components, and conveyor assemblies. Our biopharmaceutical subsidiary, WHK BioSystems, LLC, offers W-TPE® single-use Class VI tubing, caps, stoppers, medical components, and a variety single-use assembly services in its state-of-the-art, ISO 13485 certified, Class 7 (10,000) Cleanroom.

TSE Industries, Inc.
TSE-OK, LLC
WHK BioSystems, LLC

STATE AND DATE OF INCORPORATION

Florida, December 3, 1964

CORPORATION TYPE

C Corporation

DUNS NUMBER

004430187

CAGE CODE

1L3L4

CORE CAPABILITIES

- Custom compression and injection molded or extruded rubber.
- Custom fabrication and machining of plastic sheets and components.
- Contract manufacturer of polyurethanes for use in coatings, adhesives, sealants and elastomers.
- Ultra High Molecular Weight Polyethylene (UHMW-PE) sheet manufacturing done on-site.
- Contract manufacturer for medical device components, single-use assemblies, and W-TPE® tubing for the biopharmaceutical and life science industries.

NORTH AMERICAN INDUSTRY CLASSIFICATION SYSTEM (NAICS)

325520: Adhesives Manufacturing

326291: Rubber Product Manufacturing for Mechanical Use

326299: All Other Rubber Product Manufacturing

326121: Unlaminated Plastics Profile Shape Manufacturing

326199: All Other Plastic Product Manufacturing
